PROFILE

Creative and detail-oriented Graphic Designer transitioning into Frontend Development. Proficient in HTML, CSS, and JavaScript, with a strong foundation in UI/UX design principles. Experienced in creating visually appealing and user-friendly designs, now aiming to develop interactive and responsive web applications. Currently expanding expertise in React.js to build modern web solutions.

PROJECTS

Emerald Publishers Website

<https://emerald-publishers.vercel.app/>

- Designed and developed a professional publishing website with a clean layout.
- Implemented a structured HTML and CSS framework for intuitive navigation.
- Ensured mobile responsiveness using CSS Grid and Flexbox.
- Used JavaScript to enhance interactivity and improve user experience.

Space Tourism Website

<https://space-tourism-website-tau-three.vercel.app/>

- Created an engaging, futuristic-themed landing page for a space tourism service.
- Designed and implemented custom animations for an immersive user experience.
- Utilized JavaScript for interactivity, enhancing navigation between sections.
- Optimized layout for cross-device compatibility with responsive design techniques.

Investment Calculator (React, JavaScript, CSS)

<https://investment-calculator-seven-indol.vercel.app/>

- Developed a fully functional investment return calculator to help users estimate potential returns on investments over time.
- Implemented a dynamic input system that allows users to input principal amount, interest rate, and investment duration.
- Designed an intuitive UI with interactive charts and real-time calculations for better data visualization.
- Used React state management to handle user inputs and update the results dynamically.

Todo List App (React, JavaScript, CSS)

<https://my-todolist-10.vercel.app/>

- Built a task management application to help users organize their daily tasks.
- Implemented features such as task addition, completion status, and deletion.
- Used local storage to retain tasks between sessions.
- Designed a clean and minimalistic UI for easy usability.
